

# PRONOUNS MATTER

It is important to offer opportunities for all members of our community to share their gender pronouns in settings where they are asked to introduce themselves.

These stickers allow for everyone to specifically indicate their pronouns so that each individual will feel safer at UCSF. This effort is designed to reduce instances of misgendering and to make it easier for you to know which pronouns to use for someone you just met, especially if you are not sure about their correct gender pronouns.

We encourage everyone to wear a pronoun sticker on their UCSF ID badges and to readily introduce yourself to peers, colleagues, and patients with your pronouns.
