

UNIVERSITY OF CALIFORNIA, SAN FRANCISCO LGBTQ MENTORING PROGRAM

In an effort to increase LGBTQ+ visibility and networking, the LGBT Resource Center here at UCSF is hosting a pilot LGBTQ Mentoring Program! We aim to connect queer students across campus with queer faculty, staff, and trainees who are pioneering new ways of what it means to be queer in professional and academic healthcare settings.

The program goals are :

- Foster mentoring relationships between students, faculty, staff, and trainees
- Create an environment that offers support, guidance, and resources for UCSF students who are in the process of coming out in their respective fields
- Expose students to the diverse professional opportunities available to queer members of the UCSF community
- Provide mentors an opportunity to help students develop outside of the classroom
- Increase visibility of queer UCSF professionals
